Hi. I am new to this network and was referred to this BBS by a co-worker of Budd Hopkins. She felt that my experience should be shared with other people who were more open to what I had to say. Not every one here in New Mexico believes in possible abductions. I work as a Registered Nurse and my experience happened 15 years ago while I was working on my first degree in Socorro, N.M. If anyone is interested in hearing about it, or giving me their opinions on it just

leave a message for me and I will get back to you.
Thanks!
